

CLUB CHAMPIONSHIP (NET)

The Club Championship Net Trophy was presented to the club by Margaret Nisbet in 2002 in an effort to encourage more players to take part in the Club Championship as all players would have a chance of winning the net prize even if they were unlikely to win the main gross prize. This is typical of Margaret who always wants to encourage as many people as possible to participate in sport.

Margaret herself is an excellent golfer and has won the main Club Championship gross prize on many occasions. She was captain of the club when she presented this trophy.
